November 2020

Dear Parents and Participants of YMCA Fall Youth Basketball & Volleyball Skills Clinics, Welcome, I am looking forward to having basketball and volleyball start up again this year. At a time when things are so often changing, I am so grateful we can offer programing that allows you to get out, get active and reconnect with others. I am so excited you are joining us!

In both the YMCA Youth Basketball and Volleyball Skills Clinics, the participants will work with YMCA coaches and will be introduce to necessary skills and will learn the fundamentals of the sport in a positive and fun environment.

The Y is the starting point for many children learning new sports. It is the stepping-stone to becoming and staying active, as well as, gaining confidence, building positive relationships, good sportsmanship, teamwork, and leadership skills that will improve your child's self-esteem. It is truly amazing to see a child learn new skills and make new friends along the way.

#### **SCHEDULE:**
