The Stevens Point Area YMCA is joining the Waushara Community for 'Y on the Fly' Event

The Stevens Point Area YMCA will be hosting their 'Y on the Fly' event in partnership with the Waushara Community on July 25th from 9:00 AM to 8:30 PM at Bird Creek Park in Wautoma, Wisconsin.

This event will offer free family fun for all ages and include activities such as yoga, family kickball, group exercise classes, yard games, water safety games, and family bingo. Additionally, a picnic lunch will be provided at noon for those attending. The night will end with some live music during Wautoma's Music in the Park from 6:00 to 8:30 PM.

'Y on the Fly' marks the first event of the future Waushara County YMCA. The introduction of this new Y will ensure that the people of Waushara County have access to life changing health and wellbeing programming and services which will be revolutionary for their small community. Beyond providing sports and recreational activities and programming, the Y will be a hub where people can come together for a diverse range of programs and services, ensuring a strong and vibrant community for decades to come. Construction for the Waushara County YMCA is set to begin in 2025. For more information, visit spymca.org/wausharacountyymca.

###

About the Stevens Point Area YMCA

The Y is one of the nation's leading nonprofits strengthening communities through youth development, healthy living and social responsibility. Currently serving Portage County (for more than 55 years). The Stevens Point Area YMCA has the long-standing relationships and physical presence not just to promise, but to deliver, lasting personal and social change. www.spymca.org
