## LES MILLS BODYPUMP/EXPRESS

Bodypump™ is intended to build strength and sculpt your muscles. It is also a killer cardio workout, with many tracks spiking your heart rate and leaving you dripping with sweat. Each song focuses on a different muscle group, requiring various weights (heavier for the bigger muscle groups, lighter for the smaller ones), with a warmup and cool down track opening and closing the class. You will do a high number of repetitions with lighter weights for maximum fatigue and, ultimately, to get stronger. Energy will be high and rest will be short, so be ready to work hard to maximize your results in minimal time.

## PRACTICES

No practice is mandatory; families determine their own level of involvement. The Dolphins Swim Team also participates in a variety of swim meets and social events during the season. Participation in all meets and social events is optional. Swimmers sign up for each meet and event they want to participate in. In order to join the team, swimmers must be members of the Stevens Point Area YMCA.

SPDY is a nonprofit, age-group swim team that operates under the YMCA of the USA Swimming Organization through the sponsorship of the Stevens Point Area YMCA. Our core values serve to unite our members through a common cause, a shared belief, and a set of common principles to guide our behavior, interactions with others, and decision making. Everyone swims for a different reason, and no matter what that reason is, each swimmer is a valuable asset to our team.
