SPRING RECITAL

All dance classes will work towards a spring recital happening Saturday, May 9. Each class will learn choreography and a routine to perform.

PARENT-TOT DANCE

Parent-Tot Dance is designed to introduce young children to the joy of movement in a fun, supportive, and nurturing environment—while sharing the experience with a parent or caregiver by their side. Perfect for toddlers, this class focuses on creating a positive first connection to dance and physical activity.

Classes incorporate age-appropriate music, simple dance movements, and playful activities that encourage children to explore movement, rhythm, and balance at their own pace. Parents and caregivers participate alongside their child, offering comfort, encouragement, and hands-on support as little dancers move to music and begin interacting with others.

This program is ideal for fostering early social skills, building confidence and independence in a safe setting, and creating meaningful bonding time between caregivers and children—all while laying the foundation for a lifelong love of movement and dance.

PRIVATE SPORTS LESSONS

Give your child the chance to grow, improve, and thrive with personalized, one-on-one coaching in the sport your family chooses. These private 30-minute lessons are designed for kids of all ages and skill levels, from beginners learning the basics to experienced athletes refining advanced techniques. Every session is tailored to meet your child where they are, helping them build confidence, develop strong skills, and foster a lasting love for movement. Lesson availability is based on instructor, sport, and space scheduling.

Families can select either a single session or a four-session package, with flexible scheduling based on coach availability, allowing training to happen weekly or multiple times per week depending on your child’s goals. Every lesson includes a warm-up and check-in, focused skill development, and fun game-like or performance-based activities to apply those skills. Sessions also include light conditioning for overall athletic growth and finish with a cool down, reflection, and optional at-home practice ideas to support continued progress between lessons.

SEMI-PRIVATE SPORTS LESSONS

Semi-private lessons offer the perfect blend of personalized coaching and shared motivation, pairing two athletes with one instructor in the sport of your family’s choosing. These 30-minute sessions are designed for kids of all ages and skill levels, whether they are beginners building fundamentals or more experienced athletes refining advanced techniques. Training alongside a partner encourages teamwork, friendly competition, and social connection, while still allowing the coach to provide individualized feedback and support. Each lesson is tailored to meet both athletes where they are, helping them build confidence, improve skills, and develop a strong, lasting love for movement. Lesson availability is subject to instructor, sport, and space scheduling.

Families can choose either a single session or a four-session package, with flexible scheduling based on coach availability. This structure allows sessions to be booked weekly or multiple times per week depending on each athlete’s goals and schedule. Before training begins, the coach meets with both athletes and their families to establish clear, meaningful goals that shape the direction of each lesson. Sessions begin with a warm-up and check-in, followed by targeted skill development tailored to each athlete’s needs. Athletes then apply their skills through fun, game-like or performance-based activities that promote both individual growth and teamwork.
